Continuing Education Credit

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Pittsburgh School of Medicine, the University of Pittsburgh Clinical and Translational Science Institute, and the University of Pittsburgh Center for Global Health. The University of Pittsburgh School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

The University of Pittsburgh School of Medicine designates this educational activity for a maximum of 3.75 AMA PRA Category 1 Credits. Each physician should only claim credit commensurate with the extent of their participation in the activity.

Other health care professionals are awarded .375 continuing education unites (CEU's) which are equal to 3.75 contact hours.

Special Needs

Participation by all individuals is encouraged. Advance notification of any special needs will help us provide better service. Please notify us of your needs at least two weeks in advance of the program by calling 412-624-6985.

The University of Pittsburgh, as an educational institution and as an employer, values equality of opportunity, human dignity, and racial/ethnic and cultural diversity. Accordingly, the University prohibits and will not engage in discrimination or harassment on the basis of race, color, religion, national origin, ancestry, sex, age, marital status, familial status, sexual orientation, disability, or status as a disabled veteran or a veteran of the Vietnam era. Further, the University will continue to take affirmative steps to support and advance these values consistent with the University's mission. This policy applies to admissions, employment, access to and treatment in University programs and activities. This is a commitment made by the University and is in accordance with federal, state, and/or local laws and regulations. For information on University equal opportunity and affirmative action programs and complaint/grievance procedures, please contact William A. Savage, Assistant to the Chancellor and Director of Affirmative Action (and Title IX and 504 Coordinator), Office of Affirmative Action, 901 William Pitt Union, University of Pittsburgh, Pittsburgh, PA 15260, 412-648-7860.

Ethics and Regulation of International Research

University of Pittsburgh

UPMC

Jointly Sponsored by:
University of Pittsburgh School of Medicine
Center for Continuing Education in the Health Sciences
University of Pittsburgh Clinical and Translational Science Institute
University of Pittsburgh Center for Global Health

Ethics and Regulation of International Research

Objectives

Upon completion of this program, participants should be able to:

- Describe specific examples of ethical dilemmas arising in the conduct of clinical research in international settings.
- Describe a framework of ethical responsibilities that should govern the conduct of clinical researchers regardless of the setting of their research.
- Apply the ethical framework to the conduct of international research with respect to informed consent, appropriate standards of care, and investigator's responsibilities when research is completed.
- Identify legal considerations for the conduct of international research.
- Describe the role of the Institutional Review Board in the context of international research.

Who Should Attend

Faculty, medical residents, staff, and post-doctoral, graduate, and professional level students at the University of Pittsburgh who are interested in or currently conducting international research.
